

Need help accessing independent financial advice?

New South Wales | NSW

- Sydney
- Regional NSW

At Opal, we encourage anyone considering residential aged care –for themselves or for a loved one—to seek independent financial advice to assist with decisions related to fees and charges, as these can be complex, and Opal does not offer such advice.

To make it easier for you to find an independent financial advisor who can help you consider your residential aged care options, we have compiled a list of providers in the regions where Opal homes are located.

Opal Aged Care is not affiliated or associated in any way with any of the listed providers and does not receive any payment or benefit of any kind from them if choose to engage them or in connection with any advice they may provide. Please make your own enquiries and assessments before choosing a provider and compare fees and charges quoted by the different providers. Any advice obtained by you is at your own risk and expense, and Opal does not take any responsibility in relation to it.
